Greetings Colleagues and Scholars,

First of all, on behalf of Ms. Petriker and myself, thanks to those teachers and sponsors who assisted their scholars in creating and submitting their entries to the contest, especially Ms. Pagunsan, whose Science Club Scholars submitted several wonderful entries! It was inspiring to see young people using their creativity to express how and why we should all ‘Invest in Our Planet’.

Deciding on winners was a difficult task, in that all of the entries were well done and students are to be commended for their teamwork and artistry. That said, The Green Team is proud to announce the following winners of the **Earth Day Your Way Contest**:

1st Place Team - $25 Amazon gift cards  
Prisha Shah, Meghana Noojipady, Ishika Saha, Magdelena York

2nd Place Team - $15 Amazon gift cards  
Livia Luu, Nusaiba Zaheen, Nathaniel Wesley-Hunt

Please post this announcement in your Google Classrooms and congratulate these scholars when you get a chance!

*Scholars, your e-gift cards will be sent to your email addresses later today.

Goooooo Green!
